

**Limited Review Report On Quarterly Standalone Financial Results of GMR Infrastructure Limited pursuant to the Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015**

**To**  
**The Board of Directors of GMR Infrastructure Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results of GMR Infrastructure Limited ('the Company') for the quarter ended June 30, 2016 (the 'Statement'), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular No.CIR/CFD/FAC/62/2016 dated July 5, 2016. Attention is drawn to the fact that the figures for the corresponding quarter ended June 30, 2015, including the reconciliation of loss under Indian Accounting Standards ('Ind AS') of the corresponding quarter with the profit reported under previous GAAP, as reported in these financial results have been approved by Company's Board of Directors but have not been subjected to review.

This Statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.

2. We conducted our review in accordance with the Standard on Review Engagements ('SRE') 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. As detailed in Note 5 to the accompanying statement of standalone financial results for the quarter ended June 30, 2016, the Company through its subsidiary, GMR Infrastructure (Mauritius) Limited ('GIML') has investments of Rs. 418.68 Crore (USD 6.13 Crore) towards 77% equity shareholding in GMR Male International Airport Private Limited ('GMIAL'). Further GIML, has placed fixed deposits of Rs. 845.55 Crore (USD 12.38 Crore) with lenders towards loan taken by GMIAL and the Company has given a corporate guarantee of Rs. 2,680.78 Crore (USD 39.25 Crore) to the lenders in connection with the borrowings made by GMIAL. The Concession Agreement entered into between GMIAL, Maldives Airport Company Limited ('MACL') and Ministry of Finance and Treasury ('MoFT'), Republic of Maldives for the Rehabilitation, Expansion, Modernization, Operation and Maintenance of Male International Airport ('MIA') for a period of 25 years was declared void ab initio by MACL and MoFT and MACL has taken possession of MIA with effect from December 8, 2012. GMIAL has initiated the arbitration process to seek remedies under the said agreement and on June 18, 2014, the tribunal delivered its award declaring that the Concession Agreement was not void ab initio and was valid and binding on the parties. However, the quantum of the damages is yet to be decided and accordingly, pending final outcome of the arbitration, such investments have been carried at cost in the standalone financial results, as the management is of the view that GMIAL will be able to recover at least the carrying value of the assets of Rs. 1,642.62 Crore (USD 24.05 Crore) including claim recoverable of Rs. 1,314.09 Crore (USD 19.24 Crore) as stated in the aforesaid note.

Further, GMIAL had executed work construction contracts with GADL International Limited ('GADLIL'), a subsidiary of the Company and other service providers for Rehabilitation, Expansion, and Modernization of MIA. Pursuant to the aforesaid takeover of the airport by

MACL, GMIAL has terminated the contracts with GADLIL and these service providers and have received claims from GADLIL and other service providers towards termination payments. However, no such claims relating to the termination of contracts have been recognized in the standalone financial results of GMIAL as at June 30, 2016.

The takeover of MIA by MACL, initiation of arbitration proceedings and its consequential impact on the operations indicate the existence of a material uncertainty that may cast a significant doubt about the going concern of GMIAL and GADLIL.

Having regard to the uncertainty in view of the dispute and the final outcome of the matter, we are unable to comment on its impact on the carrying value of the investments pertaining to the aforesaid entities and any other consequential impact that may arise in this regard on the accompanying standalone financial results for the quarter ended June 30, 2016. In respect of the above matter, our audit report for the year ended March 31, 2016 was similarly qualified.

4. As detailed in Note 11 (b) to the accompanying statement of standalone financial results for the quarter ended June 30, 2016, subsequent to the quarter ended June 30, 2016, GMR Kishangarh Udaipur Ahmedabad Expressways Limited ('GKUAEL') and NHAI have settled their disputes before the arbitral tribunal on payment of requisite penalty by GKUAEL to NHAI. However, the claims made by the EPC contractor are currently pending settlement which indicate the existence of a significant uncertainty about the recovery of capital advance of Rs. 590.00 Crore given by GKUAEL to its EPC contractor. Having regard to this significant uncertainty, we are unable to comment on the final outcome of the recovery of the aforesaid capital advance and its consequential impact on the carrying value of the Company's investments in GKUAEL as at June 30, 2016. In respect of the above matter, our audit report for the year ended March 31, 2016 was similarly qualified.
5. Based on our review conducted as above, except for the possible effect of the matters described in the paragraphs 3 and 4 above, nothing has come to our attention that causes us to believe that the Statement of unaudited standalone financial results prepared in accordance with recognition and measurement principles laid down in the applicable Ind AS prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We draw attention to the following matters in the notes to the accompanying standalone financial results for the quarter ended June 30, 2016:
  - a) Note 6 regarding losses being incurred by GMR Ambala Chandigarh Expressways Private Limited ('GACEPL') since the commencement of its commercial operations and ongoing arbitration regarding compensation for losses arising as a result of diversion of partial traffic on parallel roads. Based on management's internal assessment and a legal opinion obtained by the management of GACEPL, the investments in GACEPL have been carried at cost and accordingly, no provision for diminution in the value of investments has been made in the accompanying standalone financial results for the quarter ended June 30, 2016.
  - b) Note 7 regarding (i) reduction of operations and the losses, including cash losses incurred by GMR Energy Limited ('GEL') and GMR Vemagiri Power Generation Limited ('GVPGL'), and the consequent erosion of net worth of these entities resulting from the unavailability of adequate supply of natural gas and (ii) rescheduling of the commercial operation date and the

repayment of certain project loans by GMR Rajahmundry Energy Limited ('GREL'), pending linkage of natural gas supply. Continued uncertainty exists as to the availability of adequate supply of natural gas which is necessary to conduct operations at varying levels of capacity in the future and the appropriateness of the going concern assumption of these entities is dependent on the ability of the aforesaid entities to establish consistent profitable operations as well as raising adequate finance to meet short term and long term obligations. The accompanying standalone financial results of the Company for the quarter ended June 30, 2016 do not include any adjustments that might result from the outcome of this matter.

- c) Note 8 regarding uncertainties in tying up power supply agreements, achieving profitability in operations, mega power status, refinancing of existing loans at lower rates of interest and other key assumptions made in the valuation assessment of the investments in GMR Chhattisgarh Energy Limited ('GCHEPL'). The carrying value of the investments in GCHEPL is critically dependent upon the achievement of the key assumptions as discussed in the aforesaid note. In the opinion of the management of the Company, no provision for diminution in the value of investments is considered necessary at this stage in the accompanying standalone financial results for the quarter ended June 30, 2016 for the reasons explained in the said note.
- d) Note 11(a) regarding losses being incurred by GMR Hyderabad Vijayawada Expressways Private Limited ('GHVEPL') since the commencement of its commercial operations. The Company has made a provision for the diminution in the value of the investments for reasons explained in the aforementioned note. Based on a valuation assessment, a legal opinion and for reasons explained in the said note, management of the Company believes that no further provision for diminution in the value of investments is considered necessary in the accompanying standalone financial results for the quarter ended June 30, 2016.
- e) Note 13(a) and 13(b) regarding the uncertainties pertaining to coal prices and other key assumptions made by the management in the valuation assessment of its investments in entities which are engaged in the operation and development of coal mines. In the opinion of the management of the Company, no further provision for diminution in the value of investments is considered necessary in the accompanying standalone financial results for the quarter ended June 30, 2016 for the reasons explained in the said notes.

Our conclusion is not qualified in respect of the aforesaid matters.

5. The Company through its subsidiary GMR Infrastructure (Mauritius) Limited ('GIML') has made investments of Rs. 418.68 Crore (USD 6.13 Crore) towards 77% holding in GMR Male International Airport Private Limited ('GMIAL'), a subsidiary of the Company and GIML has placed fixed deposits of Rs. 845.55 Crore (USD 12.38 Crore) with lenders towards loans taken by GMIAL. Further the Company has given a corporate guarantee of Rs. 2,680.78 Crore (USD 39.25 Crore) to the lenders in connection with the borrowings made by GMIAL.

GMIAL entered into an agreement on June 28, 2010 with Maldives Airports Company Limited ('MACL') and Ministry of Finance and Treasury ('MoFT'), Republic of Maldives for the Rehabilitation, Expansion, Modernization, Operation and Maintenance of Male International Airport ('MIA') for a period of 25 years ("the Concession Agreement"). On November 27, 2012, MACL and MoFT issued notices to GMIAL stating that the Concession Agreement was void ab initio and that neither MoFT nor MACL had authority under the laws of Maldives to enter into the agreement. It was also stated that MACL would take over the possession and control of MIA within 7 days of the said letter.

Though GMIAL denied that the contract was void ab initio, MACL took over the possession and control of the MIA and GMIAL vacated the airport effective December 8, 2012. This has resulted in the GMIAL's principal activity becoming impossible from the date of takeover. The matter is currently under arbitration and the procedural meeting was held on April 10, 2013. On June 18, 2014, the tribunal delivered its award declaring that the Concession Agreement was not void ab initio and is valid and binding on the parties. Further, the tribunal declared that the Government of Maldives ('GoM') and MACL are jointly and severally liable to GMIAL for loss caused by repudiation of the contract. The quantum of the damages is yet to be decided and the damages are limited to the sum which would have been recovered under clause 19.4.3 (b) had the Concession Agreement been terminated on grounds of public interest pursuant to clause 19.2.1 (h). On November 26, 2014, GoM and MACL served a letter on the tribunal and on GMIAL asserting that the parties to the arbitration have different interpretations of the limitation in Paragraph 167(1)(g) of the aforesaid award of the tribunal ('preliminary issue').

On June 17, 2015, the tribunal issued its decision in respect of the preliminary issue stating that the limit to damages recoverable in the aforementioned award was intended to apply from the date of the Concession Agreement has been repudiated and also that the limit to recoverable damages identified in the aforementioned award means all damages recoverable by GMIAL and not only contractually contemplated damages. Accordingly, on October 1, 2015, GMIAL served the amended schedule of loss to the tribunal and a five day quantum hearing was held from August 8, 2016 to August 12, 2016 and the arbitrators have reserved the Final Order. In view of the aforesaid matter GMIAL continues to reflect assets amounting to Rs. 1,642.62 Crore (USD 24.05 Crore) including claim recoverable of Rs. 1,314.09 Crore (USD 19.24 Crore) at their carrying values as at June 30, 2016. GMIAL's ability to continue its future business operations and consequential impact on investments made / guarantees given by the Company and GIML is solely dependent on the outcome of arbitration and / or a negotiated settlement.

Further, GMIAL had executed work construction contracts with GADL International Limited ('GADLIL'), a subsidiary of the Company and other service providers for rehabilitation, expansion, modernization of MIA. Pursuant to the aforesaid takeover of airport, GMIAL has terminated the contracts with GADLIL and these service providers. As per the terms of contracts, in the event of discontinuation of construction, GMIAL is required to pay termination payment to the service providers. GMIAL has received claims of around USD 8.00 Crore as at June 30, 2016.

## Notes to the standalone financial results for the quarter ended June 30, 2016

from GADLIL and other service providers. However, no such claims relating to the termination of contracts have been recognized as at June 30, 2016 since the amounts payable are not certain.

Based on the aforesaid award by the tribunal, internal assessment and a legal opinion obtained by GMIAL, the management of the Company is confident that GMIAL would be entitled for compensation under the Concession Agreement at least to the extent of the carrying value of the assets taken over by the GoM / MACL and the subsequent expenditure incurred by GMIAL as at June 30, 2016 and accordingly, these standalone financial results of the Company do not include any adjustments that might result from the outcome of this uncertainty. The statutory auditors of the Company have qualified their Limited Review Report in this regard.

6. The Company along with its subsidiaries has investments of Rs. 395.45 Crore in GMR Ambala Chandigarh Expressways Private Limited ('GACEPL') a subsidiary of the Company as at June 30, 2016. GACEPL has been incurring losses since the commencement of its commercial operations and has accumulated losses of Rs. 215.72 Crore as at June 30, 2016. The management believes that these losses are primarily attributable to the loss of revenue arising as a result of diversion of partial traffic on parallel roads. The matter is currently under arbitration and the arbitration tribunal has passed an interim order staying the payment of negative grant which were due during the years ended March 31, 2014, March 31, 2015 and March 31, 2016 till further orders. Based on an internal assessment and a legal opinion obtained by the management, the management of GACEPL is confident that it will be able to claim compensation from relevant authorities for the loss it has suffered due to such diversion of traffic and accordingly, the investments in GACEPL has been carried at cost and no provision for diminution in the value of investments has been made as at June 30, 2016. The statutory auditors of the Company have drawn an Emphasis of Matter in their Limited Review Report in this regard.
7. In view of lower supplies / availability of natural gas to the power generating companies in India, GMR Energy Limited ('GEL'), GMR Vemagiri Power Generation Limited ('GVPGL'), subsidiaries of the Company and GMR Rajahmundry Energy Limited ('GREL'), an associate are facing shortage of natural gas supply and delays in securing gas linkages. As a result, GEL has not generated and sold electrical energy since April 2013 and GVPGL has not generated and sold electrical energy since May 2013 till March 31, 2015 and have been incurring losses including cash losses on account of the aforesaid shortage of natural gas supply, thereby resulting in erosion of net worth. GREL had not commenced commercial operations pending linkages of natural gas supply from the Ministry of Petroleum and Natural Gas till the period ended September 30, 2015 and accordingly the consortium of lenders had approved the reschedulement of Commercial Operation Date ('COD') of GREL to October 22, 2015 and repayment of project loans and have agreed for further funding of Rs.707.00 Crore to meet its cost overruns on account of delays in commissioning of its power plant. Further, during the quarter ended June 30, 2016, GREL has converted its borrowings of Rs. 1,308.57 Crore and interest accrued thereon of Rs. 105.42 Crore into equity shares, under a Framework for Revitalising Distressed Assets in the Economy, Reserve Bank of India ('RBI'), under which the lenders have to collectively hold 51% or more of the equity shares in the Company with distressed assets.

In March 2015, the Ministry of Power, Government of India ('GoI') issued a scheme for utilization of the gas based power generation capacity for the years ended March 31, 2016 and 2017. The scheme envisages supply of imported spot RLNG "e-bid RLNG" to the stranded gas based plants as well as plants receiving domestic gas, upto the target Plant load factor (PLF), selected through a reverse e-bidding process and also intervention / sacrifices to be collectively made by all stakeholders. The aforementioned gas based power plants of the aforesaid entities are included in the list of stranded gas based power plants and are entitled to participate in the e-bidding process. GVPGL and GREL emerged as successful bidders in the auction process organised by the Ministry of Power in May 2015, September 2015, March 2016 and September 2016 and have been awarded the Letter of Intent for gas allocation for 4 months period ended September 2015, for 6 months period ended March 2016, September 2016 and March 2017 respectively, which has facilitated the operations of both GREL and GVPGL at varying capacity

## Notes to the standalone financial results for the quarter ended June 30, 2016

and accordingly GVPGL and GREL have commenced operations on an intermittent basis from August 2015 and October 2015 respectively. There has been a significant decline in the price of imported gas and in view of the amendment to the Central Sales Tax Act with regard to gas sold or purchased and transported through a common carrier pipeline or any other common transport distribution systems, the management believes that these would result in significant reduction in the costs of imported gas.

The management and the Association of Power Producers continue to monitor the macro situation and are evaluating various approaches / alternatives to deal with the situation and the management is confident that GoI would take further necessary steps / initiatives in this regard to improve the situation regarding availability of natural gas from alternate sources in the foreseeable future.

The management carried out valuation assessment of these gas based companies which includes certain assumptions relating to availability and pricing of domestic and imported gas, future tariff and other operating parameters, which it believes reasonably reflect the future expectations from these projects. The management will monitor these aspects closely and take actions as are considered appropriate and is confident that these gas based entities will be able to generate sufficient profits in future years and meet their financial obligations as they arise. Based on the aforementioned reasons, business plans and a valuation assessment by an external expert, the management was of the view that the carrying value of the investments (including advances) made by the Company in these aforesaid gas based companies as at March 31, 2016 was appropriate and that there is no change in its assessment as at June 30, 2016. In the meantime, the Company has also committed to provide necessary financial support to these entities as may be required for continuance of their normal business operations. The statutory auditors of the Company have drawn an Emphasis of Matter in their Limited Review Report.

8. As at June 30, 2016, the Company through its subsidiary, GEL has investments of Rs. 3,441.34 Crore in GMR Chhattisgarh Energy Limited ('GCHEPL'), a subsidiary of the Company and has also provided corporate / bank guarantee towards loan taken by GCHEPL from the project lenders.

GCHEPL has experienced certain delays and incurred cost overruns in the completion of the project including additional claims from EPC contractors. As per the management of GCHEPL, additional claims from EPC contractors are not expected to be material. GCHEPL has obtained provisional Mega Power status certificate from the Ministry of Power, GoI, vide letter dated September 8, 2011 and accordingly has availed an exemption of customs and excise duty against bank guarantees and pledge of deposits. The management of GCHEPL is certain of obtaining Mega Power status, pending which cost of customs and excise has not been considered as cost of the project. During the year ended March 31, 2015, GCHEPL was allotted two coal mines to meet its fuel requirements. GCHEPL has declared commercial operations of Unit I and coal mine on November 1, 2015 and Unit II on March 31, 2016 of its 1,370 MW coal based thermal power plant at Raipur district, Chhattisgarh.

GCHEPL does not have power purchase agreements ('PPAs') currently and is taking steps to tie up the power supply through power supply agreements on a long/medium term basis with various customers including State Electricity Boards. Though the COD for Unit I was declared from June 1, 2015, GCHEPL commenced generation of power on November 1, 2015 and sold power on a merchant basis. As a result, GCHEPL has been incurring losses since the commencement of its commercial operations and has accumulated losses of Rs. 901.90 Crore as at June 30, 2016.

GCHEPL's future revenues, profitability of operations and servicing of its debts is dependent upon tying up of its entire generation capacity for profitable rates through long term and medium term PPAs in a power scarce market, achievement of higher PLF and refinancing of existing loans with lower interest rates with banks and successful gains from the government announced initiatives of tolling linkage. Considering the improvement in the power market in India, GCHEPL is hopeful of tying up its significant generation through profitable long term PPAs, tolling linkage and also obtaining Mega Power Status along with refinancing of loans and

reduction in interest rates on borrowings. GCHEPL is in active discussion with the lenders to restructure its loans and towards funding of cost overruns. Due to these reasons and based on business plans and valuation assessment by an external expert, the management was of the view that the carrying value of its investments in GCHEPL as at March 31, 2016 was appropriate and that there is no change in its assessment as at June 30, 2016. In estimating the future cash flows, the management has, in the absence of medium/long term PPAs, made certain key assumptions relating to the future revenues based on externally available information, restructuring of loans by the lenders, continued financial support by the Company and operating parameters which the management believes reasonably reflect the future expectations of these items. In view of the above, the Company is monitoring these assumptions closely on a periodic basis to take necessary action as is considered appropriate. The statutory auditors of the Company have drawn an Emphasis of Matter in their Limited Review Report.

Kishangarh Udaipur Ahmedabad Expressways Limited ('GKUAEL'), a subsidiary of the Company and other road projects for reasons stated in (a), (b) and (c) below

- a) The Company along with its subsidiaries has made investments of Rs. 678.50 Crore (in GHVEPL. GHVEPL has been incurring losses since the commencement of its commercial operations. The management of GHVEPL believes that the losses are primarily due to loss of revenue arising as a result of drop in commercial traffic on account of bifurcation of State of Andhra Pradesh and ban imposed on sand mining in the region. The management based on its internal assessment and a legal opinion, believes that these events constitute a Change in Law as per the Concession Agreement and GHVEPL is entitled to the claim for losses suffered on account of the aforementioned reasons and accordingly filed its claim for the loss of revenue till the year ended March 31, 2015 with NHAI. During the year ended March 31, 2016, NHAI rejected the aforementioned claims and consequently GHVEPL invoked dispute resolution process as per the provisions of the Concession Agreement. Subsequently, NHAI has intimated GHVEPL that conciliation has failed. GHVEPL issued a notice of force majeure (political event) as per article 34 of the Concession Agreement during the quarter ended June 30, 2016. The management of the Company is confident that it will be able to claim compensation from the relevant authorities for the loss it has suffered due to aforementioned reasons and based on valuation assessment which is significantly dependent on the fructification of the aforesaid claims, the Company has made a provision for diminution in the value of investments in GHVEPL of Rs. 338.56 Crore till June 30, 2016 (including Rs. 55.51 Crore provided during the quarter ended June 30, 2016) which has been disclosed as an 'exceptional item' in the standalone financial results of the Company and believes that no further provision for diminution in the value of investments is necessary as at June 30, 2016. GKUAEL had also provided a bank guarantee of Rs. 269.36 Crore to National Highways Authority of India ('NHAI'). GKUAEL had entered into a Concession Agreement with NHAI on November 30, 2011 for six laning of Kishangarh-Udaipur-Ahmedabad section of National Highways 79A, 79, 76 and 8. Pursuant to non-fulfillment of the mandatory 'Conditions Precedent' specified under the Concession Agreement within the due date, GKUAEL had issued a notice to NHAI dated December 21, 2012 of its intention to terminate the Concession Agreement. In response, NHAI vide their letter dated January 1, 2013 termed the notice not maintainable both in law and in facts. Considering that the efforts for revival of the project did not succeed, GKUAEL issued a notice of dispute to NHAI dated February 16, 2015 invoking arbitration provisions of the Concession Agreement. Both the parties appointed their arbitrators and the arbitration process was pending commencement as at March 31, 2016. In addition, GKUAEL awarded the EPC contract to GMR Projects Private Limited ('GPPL' or 'EPC Contractor') and had given an advance of Rs. 590.00 Crore as stated above. Pursuant to the notice of dispute, GKUAEL has terminated the contract on May 15, 2015. During the year ended March 31, 2016, GKUAEL has received a claim of Rs. 840.76 Crore from the EPC contractor, however no such claim relating to the termination of contract has been recognized by GKUAEL as at March 31, 2016 as the amounts payable are not certain. Subsequent to the quarter ended June 30, 2016, both the parties have settled their disputes before the arbitral tribunal after payment of penalty of Rs 53.87 Crore by GKUAEL to NHAI and the said bank guarantee has been discharged by NHAI. The claims made by the EPC contractor are currently pending settlement and based on an internal assessment of its investments, the Company has made a provision for diminution in the value of investments in GKUAEL of Rs. 193.06 Crore till June 30, 2016 (including Rs. 55.48 Crore provided during the quarter ended June 30, 2016) which has been disclosed as an 'exceptional item' in the standalone financial results of the Company and believes that no further provision for diminution in the value of investments is necessary as at June 30, 2016. PTBSL, a coal property company commenced coal production on a trial basis and achieved a production of 28,000 MT during the year ended March 31, 2015. In addition, the coal prices have significantly declined from May 2015 onwards. The management believes that the inability to produce coal as referred above and decline in the prices is expected to be temporary and as such do not have a significant impact on the ability of these entities to continue as a going concern. PTDSU and its subsidiaries are confident of raising finance as may be required for development of mines and continuance of their normal business operations. Based on these factors and valuation assessment by an external expert, the management was of the view that the carrying value of the investments in PTDSU and its subsidiaries as at March 31, 2016 was appropriate and that there is no change in its assessment as at June 30, 2016. The management of the Group is also negotiating certain terms of the CSA which are pending conclusion. The coal prices have significantly declined from May 2015 onwards. However, the management of the Company believes that such decline in the prices is expected to be temporary and such decline has been compensated by favorable currency movements in Indonesia and cost efficiency measures in mining activities in PTGEMS. The Company along with GCRPL is also in active discussion with the lenders to restructure its loans. Based on these factors and valuation assessment carried out by an external expert, the management of the Company believed that the carrying value of the investments in PTGEMS as at March 31, 2016 was appropriate and that there is no change in its assessment as at June 30, 2016.
